FORUM AN DER MUSEUMSINSEL HOTEL TELEGRAPHENAMT

The Hotel Telegraphenamt in Berlin is a truly historic gem with a rich past. Originally, it served as Germany's most elaborate postal building. This significant role is still reflected in the architecture and character of the building today. The listed building now shines as an exclusive design hotel, harmoniously combining history with modern luxury.

The Telegraphenamt offers a versatile event space, perfect for corporate events, conferences, and exclusive events. This combination of historic flair and contemporary comfort makes this place one of the most outstanding locations in Berlin, where history and present can be experienced in perfect symbiosis.

The fully glazed roof of the Kutscherhof allows an unobstructed view of the sky over Berlin, creating a unique lighting atmosphere. Open steel beams and brick walls, as well as fine oak parquet flooring, complete the design.

The area is also home to two outstanding restaurants: The ROOT Restaurant & Bar is characterized by its specialization in authentic dishes, craftsmanship, and creativity - from sushi in the „ROOT Style“ to international creations of regional and sustainable cuisine. Meanwhile, at Dieselhaus, Berlin freedom meets Bavarian beer enjoyment. Spread over two spacious floors and a generous outdoor area, it celebrates in a straightforward industrial look.

SPREEBOGEN BOLLE FESTSÄLE - EVENTLOCATION

The listed brick building of the former Carl Bolle dairy from the industrial era around 1890, with a total area of more than 3,000 m², provides the ideal setting for events of all kinds. Namesake Carl Bolle was one of the pioneers of Berlin's economic boom. He cemented his reputation by building the city's most advanced large-scale dairy operation: the BOLLE dairy. Today, the Festsäle are undoubtedly among the most impressive event venues in Berlin.

The magnificent historical entrance, adorned with artistic ornaments, conveys an impressive first impression of the imposing overall ensemble.

For large events such as congresses, exhibitions, and evening events, the Festsaal and the chapel offer an extraordinary setting. Ceiling heights of up to eight meters, exposed brick walls, high steel-framed windows, cast-iron columns, and attention to detail noticeable in every corner of the listed building make them a prime example of Berlin's industrial architecture. The originally preserved office foyer is ideal as a stylish accreditation area, and in the inviting Milk Bar and on the spacious rooftop terrace, conversations with business partners and clients can be held in a relaxed atmosphere.
